Office and Home Services offered by

ACRA ELECTRIC INC.

Panel Repairs and Service Upgrade

Replace old panels, meter sockets and risers. Increase capacity of service or upgrade from single phase to three phase power.

General Lighting Maintenance & Dimming Systems

Lamp, ballast and fixture replacement. Repair and replacement of switches and outlets. Exterior lighting repairs. Repair of parking lot pole lights. Upgrade to more modern and energy efficient lighting. Add Digital Lighting Systems commercial lighting and dimming controls.

Lightning and Surge Suppression

Our Service Department can supply and install Lightning Arrestor and TVSS (Transient Voltage Surge Suppressor) to your electrical system.

Generator Sales & Installation

Call our Service Department if you have a portable generator to be installed. Also, if you are interested in purchasing a whole-house generator, we offer a complete line of automatic stand-by generators - propane, natural gas, or diesel.

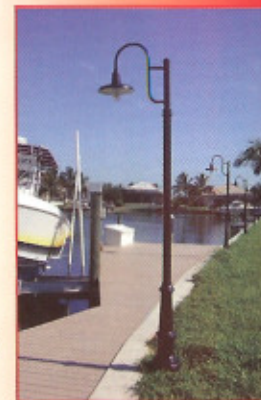

Remodels/Additions

If you're interested in making any changes in your home or office, our Service Department is available for all remodel work, commercial or residential. From complete re-model to changing out existing fixtures, adding outlets and switches, post lamps, security lighting, and general electrical repairs.

Dock Wiring

We have experience in providing all types of dock wiring including boat lift wiring, dock lighting and shore power. We use only stainless steel hardware, PVC and fiberglass fittings and enclosures and we do a first-rate job. We are a dealer for GEM Remotes and Marina Power and Lighting Pedestals. We will provide you with photos and references if you desire. Call our Marine Department to schedule an estimate.

We're there when you need us.
